The \$1 reserved seats for the Gov. Bob Taylor lecture are within railing at the Court House, and are the best to be had in the room.

Bob McFadden, who was robbed by some dusky damsel, has hurried around and scraped up enough cash to take his annual visit to London, at which place he worked for many years. You can't keep an honest man down.

Big Hop Tonight. The young men will give a swell hop this evening in the new Owsley block. Saxton's orchestra of eight men will furnish the music, and a fine time is anticipated. Tickets of admission will be issued.

Chance of Your Life. The offer made by Fuller & Sympton to sell their stock of Queensware at cost, has been accepted by many delighted patrons. The sale closes Dec. 15th. They have tea sets, toilet sets, lamps, glassware and dinner sets in great variety, all up-to-date and handsome.

Bank Stock For Sale. As executor of the estate of E. W. Lawless, dec'd., I will on next county court day, at 2 o'clock p. m., at the court house door in Lancaster, Ky., sell to the highest bidder two shares of the capital stock of the Citizens National Bank of Lancaster, Ky. 2t. Dec. 11, 1899. JOHN N. TEATER.

Death of Angel's Visit. It was a great shock to the many friends and relatives of Mr. and Mrs. James A. Beazley when told that the little son, Jesse, had been called to the loving arms of Jesus, at an early hour Saturday night. The little fellow had been sick for many weeks, and his sufferings been great, but it was believed for some time that his life could be saved. All that loving hands and skilled physicians could do was done, but to no avail. He was in his second year, and an unusually bright child. The remains were interred in the Lancaster Cemetery Sunday afternoon.

Death of Little Harry. Deepest sympathy is extended by many Garrard county friends and acquaintances to Mr. and Mrs. Harry Giovannoli, of Danville, in the death of their three-months-old babe, Harry. The Advocate says the child was apparently in perfect health Saturday afternoon, but during the night the little spirit was taken to God who gave it. The heart-broken parents will find no more comforting words than those spoken by the Saviour, who said, "Suffer little children to come unto me, and forbid them not, for of such is the Kingdom of Heaven."

Bank's Will Close. Both banks will be closed the 25th, and on Jan. 1. They are both legal holidays, and no business can be transacted. Bear this in mind, and have your papers etc., fixed up on the Saturdays before.

Feed for Sale. Such as corn on the ear, crushed corn and cob meal. Baled hay, cut fodder, straw and hay for making chop feed. Also the best Blue Gem and Jellico coals obtainable. Give us a part of your trade at least which will be appreciated. S. T. Leavelle & Son.

Jim Lays Down the Quill. We regret to note that Mr. James Maret has sold the Mt. Vernon Signal and will enter other business. He has made the Signal a mighty good paper, and his visits were always enjoyed. Mr. Edgar S. Albright, a lawyer and school teacher takes charge of the paper.

About The Rail Road. In an article almost quarter of a column long, Bro. Walton tells his readers he believes the Southern will be built through Lincoln county. He closes as follows: "Our Lancaster friends will be in the lurch and we will grieve to behold their grief." Dry those tears, my love. Lancaster has that road by the tail, and a down-hill pull. This fact will be proven to you here long, then all you folks over there, and at Danville, will weep so copiously that a river will be formed, upon which you may run a flat-boat over to Garrard and connect with the Southern.

Death of Spence Hubble. Mr. Spencer Hubble who died in the Asylum at Lexington last week, was brought here for interment in the Lancaster Cemetery on Friday. His insanity (his physicians say) was the result of liver disease. He was a good citizen and for many years a successful farmer and trader in live stock in Lincoln county. He was about fifty years old and has been in the asylum three years prior to his death. He leaves a widow, Samantha J. Hubble, to mourn his loss, who has many sympathizing friends.

Dave is All Right. The other night a young blood, who had surrounded too much blind tiger booze, was giving Comanche yells on the Public Square just as people were going to church. Of course the fellow was having things all his own way, but Jailer Dave Ross heard the racket and went to him and told him unless the yelling was stopped he would be arrested. Dave was given the "horse laugh," but walking up to the young rooster, he said, "Now see here, my little man, I am no marshal, but I have the key to the jail, and if I hear anything else out of you, by ganes, you will go right behind the bars, and orders from all the judges in Kentucky will not get you out of there 'till tomorrow." This settled it and no more racket was heard. The people owe Dave a vote of thanks.

The members of the W. C. T. U. and all others, who are interested are requested to be present at the regular meeting at three o'clock next Saturday p. m., in the Masonic Hall. Miss Rhena McShier will be present and will have something of interest to say, and a full attendance is desired.

Guess on Candle. The large candle in the window at the Blue Grass Grocery Co., burned out a few days ago, and the guess was awarded to Ed. Norris. It was found shortly after that Mrs. L. Miller's guess was recorded wrong. The company then ordered a duplicate set and will give both parties one, which speaks well for the company. Mr. Norris very gracefully gave Mrs. Miller the set at the store, and will wait for the other.

Many Good Things to Eat. The ladies of the Presbyterian church will open a Christmas Market in the store of Mr. Jesse W. Sweeney, on Saturday, Dec. 23. They will supply you, at the very lowest rates, with ham, chickens, turkeys, salads, pies, sandwiches, home-made candy, and in fact anything in the eating line you may wish. They will be glad to receive orders for cakes, which they will bake and have ready for you at any time you say. An extra large black cake will be cut and sold in such quantities as you wish.

A Narrow Escape. Monday, as Miss Bertha Burnside was driving into town, the horse became frightened and dashed up Danville street. It crossed the Public Square and continued its run out Lexington street. Terry, her little brother, was in the carriage, and as she had to hold him in, the horse ran upon the pavement at the Graded School and smashed a lot of the fence before it was stopped. The occupants escaped without injury, though the carriage was badly broken. Miss Burnside displayed great courage in holding on to the reins and the boy. About one horse in every ten thousand is safe for ladies to drive.

A Pretty Pass. It became necessary to send our engineer, Cary Mullins, to Cincinnati Saturday to have some machinery repaired. Among other things the steam gauge of the engine was to be overhauled, and he took it to some eight or ten places in that city, and was told at each that they "didn't do that kind of work." Mullins finally ran across an acquaintance who told him he was on a cold trail, as the gauge bore the mark of a maker at Waynesboro, Vermont, and Cincinnati people would not repair it on that account. As the express to Vermont and back would amount to almost as much as a new gauge would cost, we ordered a new one out and out, but you can bet your sweet life it was not ordered from Cincinnati. Mullins says he was told it was because they all belonged to a union.

Gov. "Bob" Taylor charges \$150 for delivering his new lecture, "Love, Laughter and Song." All should hear him who can, and thus assist the managers in bringing to Lancaster the best talent in America. [Ed]

A Card of Thanks. To those dear friends who were so kind to us during our bereavement, we take this method of extending our heartfelt thanks. Such deeds of kindness are never forgotten, and we will always cherish the noble acts and loving words we received. Mr. and Mrs. J. A. Beazley.

Holiday Rates. One and one-third fare via the Queen & Crescent Route Dec. 22nd to 25th, and Dec. 30th to Jan. 1st. Tickets are good to return Jan. 4th. To points north of Ohio River return limit is Jan. 2nd. W. C. RIMEARSON, Gen'l Pass'g'r Agent, Cincinnati.

It Will Go Higher. We are getting rich too fast, and are going to quit the coal business. We have ten cars of Kenzie Jellico coal we want to close out at once. Also two cars of Altimont and Pittsburg at 10c per bushel. Buy now; it will go higher when we quit. W. B. Moss & Co.

The Ladies to Organize. It has been proposed to organize a Ladies Cemetery Society, the object being to secure a number of improvements in our City of the Dead. Those at the head of the project have decided to hold a meeting at Masonic Hall next Monday afternoon at 2 o'clock, organize, elect officers and decide upon plans of obtaining a number of improvements in the Cemetery which ought to be made. Every lady who has relatives buried there is, or ought to be, interested in this matter, and it is important that all who can possibly do so, be on hand promptly Monday afternoon.

Restaurant and Bakery. Judge J. C. Hemphill has rented the corner store room, now occupied by C. D. Powell, to R. Zimmer, of Richmond, who will take possession January 1st and open a first-class restaurant and bakery. Mr. Zimmer has had many years experience, and for some time was in business in this city with Albert Shilling. The Hemphill rooms, both lower and up stairs, will be put in perfect shape, painted, papered and made to suit the requirements of Mr. Zimmer's business. He uses the latest improved ovens, the old time brick ones having been discarded. A first-class bakery and restaurant is certainly needed here.

Hard to Stand. A merchant said yesterday, "I am always glad for my friends and patrons to make themselves at home in my store, but there are two or three, yes half a dozen fellows who hang about my house from early in the morning 'till I go home at night. If either of them bought ten cents worth of goods in a year, I do not know it." This merchant is not the only one infested with the loafer. You can see them on all hands. They take up room, make dirt upon the floor, and crowd customers from the fire. They not only hang about stores, but in all public places, and are about the biggest nuisance business men have to contend with.

THURSDAY, DEC. 14, 1899

In all this talk about changing the manner of voting, the best suggestion we have seen comes from the Cynthia Democrat. It suggests electric gloves—the right hand for democrats and the left for republicans. By a simple arrangement the glove directs the stencil to the proper place and stamps under the device. Of course should a republican get his hand in the democratic glove, or vice versa, a circuit would be closed that would result in instant death. Still, night schools would be necessary to teach the intelligent voter his right hand from his left; and in many instances it would be necessary to dehand voters to prevent their voting themselves into kingdom to come.

A LOUISVILLE paper says its fad in cities now for the sawdust people, yep know, to give "Hayseed Parties," at which they try to dress like country folks, or, as they say, "Rubes." Now this burlesque might be alright, but the city girl will never take to it. When she is divested of her paint, wire hips, bird-cage bustle, and some dozen other articles which go to complete her "make up" she will far from resemble the rosy-cheeked, plump, healthy country "gal," she would faint and make light of.

Gov. BRADLEY would do a good turn by the state if he would put the militia after the little cross-roads correspondents to daily papers who do more to give Kentucky a bad name than do all the feds, negro burnings, etc. Not half the stuff telegraphed to the dailies is worth mention in the country local papers. The daily press is not so much to blame, as they have to accept reports sent from parties they think are reliable.

The editor of the Cynthia Democrat says if he had taken the gratuitous advice given by different friends within the past ten years, he would have had wives enough to stretch from here to Utah. But he believes in letting good enough alone and remains a bachelor.

The rainy day skirt is meeting a cold reception from the box-aneked and big-footed portion of the female sex, but girls with pretty ankles and graceful footies wear them when the smallest cloud is observed in the sky.

TODAY, the 14th, is the 100th anniversary of the death of George Washington, familiarly called the "Father of His Country." This is a notable day from the fact that it is the only one of consequence upon which the post offices, banks, and schools do not close.

Gov. W. S. TAYLOR was inaugurated Tuesday, amid much bomb and parade. The other officers-elect do not take their seats until next month. The democratic candidates have filed notice of contest, save Gosbel and his running mate, whose contests will come before the legislature.

As rubber goods are very high, we presume those Frankfort merchants who brought on large stocks of top boots for the blood-waders will be left with the bag to hold.

REPORTS from Frankfort say Governor-elect Taylor will retain Gen. D. R. Collier as adjutant general. Gen. Collier has made a good officer and his Garrard county friends are glad to know that he will be kept in.

THE Louisville base ball club, or rather its "best" players, have been sold to Pittsburg. All kinds of old junk has been on the increase in price lately, and the sale at Louisville is not surprising.

INVENTORS of the wireless telegraph, the air ship, and many other wonderful mechanisms will doubtless reap a great financial harvest, but the man who completes the devil-proof coffin will receive the entire wealth of the world.

Now that the election is settled, the sap-heads who wanted to wade in blood will have to go to driving ox carts or plowing to make enough to keep from starving until another election rolls around.

The latest county maps of Kentucky and Tennessee will be furnished free to the schools of Garrard Co., on application of teacher or School Trustees to R. E. McRoberts. 10-2-6t

The entire time of the House this week is being given up to the debate on the Currency Bill. Little of importance will be done by the Senate beyond preparation by committees for future work.

As a cure for rheumatism Chamberlains Pain Balm is gaining a wide reputation. D. B. Johnston of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlains Pain Balm. It acts like magic with me. My foot was swollen and paining me very much, but one good application of Pain Balm relieved me. For sale by R. E. McRoberts, Druggist."

An editor prints his paper to give his patrons the news of the day and for the money there is in it. He is presumed to know of what he writes, and he generally does. When he writes as he does in the Leader Courier, Osceola Mills, Pa., without fee or hope of reward, that "Chamberlain's Cough Remedy acts magically, and we have found none better in our household. If you have a cough, try it," it may be accepted as an honest expression, worthy of credence. For sale by R. E. McRoberts, Druggist. 1m

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c. and \$1.00.
